DETAILED ACTION

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Election/Restrictions

This application contains claims 4-7 and 19-21 drawn to an invention nonelected with traverse in the Paper No. 8. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

Claim Rejections - 35 USC § 102

The rejection of claims 1, 9-11 and 13 under 35 U.S.C. 102(e) as being anticipated by Muir et al. is maintained from the previous Office action and incorporated herein.

Claim Rejections - 35 USC § 103

The rejection of claims 2, 3, 8, 12 and 14-18 under 35 U.S.C. 103(a) as being unpatentable over Muir et al. is maintained from the previous Office action and incorporated herein.

Response to Arguments

Applicant's arguments filed 9-2-04 have been fully considered but they are not persuasive.

It seems that the Applicant has misunderstood the Examiner's comments regarding the "zigzag" payline and how that

Art Unit: 3713

discloses to one of ordinary skill in the art the claimed limitation of a 3-D payline. As disclosed by Muir et al. a player can win not only with the front faces; but also with the top face and the right side. Because it is possible to have a "W"-shape or zigzag payline, this means the top faces that are not in a single row could lead to a win. For example, there could be a V-shape win running from the upper left top symbol, through the 2 x 2 symbol, with the vertex at the location of 3 x 3, going through the 2 x 4 symbol and finishing at the upper right hand symbol. This would meet the 3-D win line as broadly claimed within the instant claims.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. AU PQ 9586 and GB 2253300 are both relevant to the claimed inventions herein.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will

Art Unit: 3713

expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
